VOKAR Dodging and Vignetting Kit

Designed to help the serious worker obtain better enlargements and contact prints, this kit consists of two parts. The first is the three wire-handled dodgettes for holding back areas in the prints which appear too dark. The second is a handy book of masks which allow the vignetting or burning in of local areas. Full instructions are included with each kit.

VOKAR "SCRATCHPATCH"

Makes negative Scratches Disappear. Just what thousands of photo-fans have been looking for to save choice negatives without expensive retouching! Vokar "Scratchpatch" is a safe and highly scientific solution that can't harm film emulsion . . . yet makes scratches disappear from finished enlargements like magic. Also valuable in treating color transparencies when projecting and in making contact prints. Inexpensive, easy to apply and amazingly effective . . .
